Course Objective

This course provides an introduction to financial decision making. Topics covered include valuation, stocks and bonds, portfolios, risk-return relationships, capital budgeting, and cost of capital.

Required Material

Texas Instruments BA II PLUS Financial calculator

Grading Criteria

Assignments 35 %
Three quizzes 30 %
Final Exam 35 %

Assignments must be typed with a cover sheet. Assignments are due in class on the dates specified. Late submissions will attract a penalty.

The quizzes are likely to be in the evening. Please note that graphing calculators and other scientific calculators that permit storage of text cannot be used on exams.
