Course Objective
This course provides an introduction to financial decision making. Topics covered include valuation, stocks and bonds, portfolios, risk-return relationships, capital budgeting, financial planning, and cost of capital.

Required Material
Texas Instruments BA II PLUS Financial calculator

Grading Criteria
Assignments 50 %
Quizzes 20 %
Exams 30 %

Assignments must be typed with a cover sheet. Assignments are due in class on the dates specified. Late submissions will attract a penalty.

The Exams are likely to be in the evening. Please note that your Texas Instruments Financial calculator will be permitted on exams. However, graphing calculators and other scientific calculators that permit storage of text cannot be used on exams.
